

BALCO ONIES

THE DIFFERENCE

PATIO DRUMMOND

Our products meet the highest structural and architectural standards in order to offer you a safe and durable precast concrete product.

50
MPa

A HIGH PERFORMANCE CONCRETE MIX

The strength of our concrete allows for durability over time.

OUR TEAM TAKES CARE OF THE ENGINEERING PLANS

We can provide you with a turnkey project!

OUR BALCONIES ARE EASY TO INSTALL

Our customers install an average of 15 balconies in a normal working day.

LIFTING RINGS PROVIDED FREE OF CHARGE

We offer you the loan of lifting rings to facilitate the installation!

SHORT DEADLINE MANUFACTURING TIME

Average delay of 8 weeks for manufacturing and delivery [depending on quantity].

NO MAINTENANCE NECESSARY

Our concrete balconies are built to last.

ATTENTION TO DETAIL

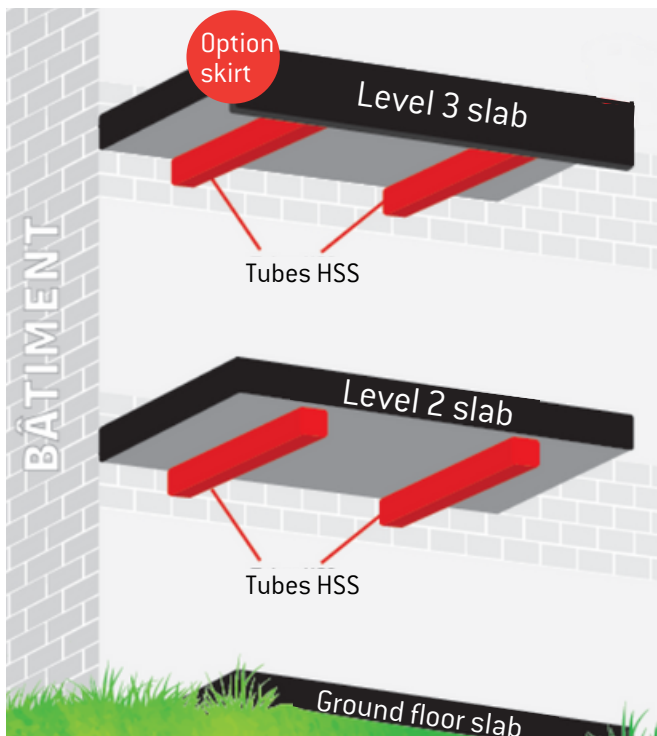

Our team goes over and over again on each balcony to ensure an unparalleled finish.
